

Florida Youth Rugby
U15 to U19, Boys & Girls - Regulations

Rules of Play

- A. Rules of play shall be as specified by the WORLD RUGBY LAWS OF THE GAME except as modified by USA Rugby and/or the Florida Youth Rugby Union. Any inter-club game shall abide by the "World Rugby Laws of the Game" along with any modification or specifically published Rules and Regulations.
- B. Only 23 players are eligible to be on the "Game Day Roster" for the Varsity League Games. Therefore only 23 players are eligible to play in the game. Exception when the **Development Rule** enacted (*points differential reaches +25 and both coaches agree that match score is officially taken*). If the Development Rule is enacted each team can use more than original roster of 23 players. However, any extra players must be documented, registered, eligible and are notified to the opposing coach.
- C. Follow the World Rugby Laws of the game with regards to injury and substitutions.
- D. When 23 players are nominated in a team there must be sufficient front row players to play at hooker, tight-head prop and loose-head prop who are suitably trained and experienced to ensure that on the first occasion that a replacement in any front row position is required, the team can continue to play safely with contested scrums. Uncontested scrums are ordered as a result of there being no suitably trained and experienced front row replacement for any reason, the team concerned shall not be entitled to replace the player whose departure caused uncontested scrums.
- E. A minimum of thirteen (13) players for a team playing fifteen (15) a-side, five (5) for a team playing seven (7) a-side, shall constitute a team for game purposes.
- F. **The Development Rule;** When a game reaches a points differential of +25 the losing coach can request that the referee and opposing coach enact the Development Rule. The winning coach or the referee cannot request to enact the Development Rule. Once both coaches agree, the match score will be taken at the time of enacting the Development Rule and will be used as the final match score. The game can continue with a Development Focus. Allowing both teams to use rolling substitutions upon until 12 total substitutions, players replaced through injury are not allowed to return to the match, teams can use more 23 players as long as any extra players are documented, USA Rugby registered, High School eligible and are notified to the opposing coach. Please note in spirit of this rule dominate players are not to be used in a rolling sub capacity.
- G. The maximum points differential that one team can achieve in match is +/- 25, this is to stop point chasing and allow for the development rule to be enacted and/or better player development of team.
- H. It shall be mandatory to play a regularly scheduled game, unless the opposing club accepts valid reason for non-appearance. Notification of non-appearance MUST be given to the opposing Club Coach at least 48 hours prior to the scheduled match time. It shall be the responsibility of the home team, in any case, to notify the club and the FYRU Referee Assignor, and/or the referee of a game cancellation (and reschedule, also). Any

rescheduled FYRU-assigned games are subject to any rescheduling costs to be paid by Club whose team requests the change.

- I. In the case of postponed games, the rescheduling will occur by agreement of both clubs and coordinated with the FYRU Executive Director.

Coaches or Medical Trainers may only enter the field of play to attend to an injured player without the referee's permission. Assistant Referees, spectators, or reserve players can only enter the field of play with the referee's permission at a stoppage in play.
- K. The USA Rugby requires all coaching staff and players to stand behind the crowd restraints. If a coach (head or assistant) is nominated as the designated assistant referee, he/she may not make any comments to their team or to the Referee while executing this role. It highly recommended that no coach is used as the assistant referee.
- L. If the crowd restraints (e.g., restraining ropes) are insufficient for the purpose of keeping the crowd from the Playing Area and interfering with the Match Officials, the Referee should instruct the Match Organizer (home team organizers) the game will not start until sufficient arrangements have been made. Crowd restraints must be at least 5 yards from sideline of the field.
- M. In the event that coaches take the field without the permission of the Referee, the Referee is required to report the incident to the Discipline Chair of the FYRU.
- N. In the event that any non-playing person enters the Field of Play and touches a player of the opposing team that person should be dismissed from the Playing Enclosure immediately and the Referee is required to report the incident to the Discipline Chair of the FYRU.
- O. In the event that a person directs verbal or physical abuse at a Match Official, that person shall be required by the Referee to leave the Playing Enclosure and the Referee must report the incident to the Discipline Chair of the FYRU. These guidelines are to make sure that the Referee is covered for liability purposes
- P. If the coach is ejected from the game then the assistant coach may direct the team. If the assistant coach or coaches are also ejected (or if there are no assistants) then the team will forfeit the game with a score of 25-0. A game report is mandatory for the referee to file with the disciplinary committee within 48 hours of the end of play.
